MAYOR'S INAUGURAL ADDRESS

Gentlemen of the City Council:

Following the custom of previous years, we are assembled here today, to assume charge of the administration of our municipal affairs for the succeeding year. The selection of our citizens confers a high honor upon each and everyone of us, but it also places upon us a heavy responsibility and the accompanying obligations of the distinguished position we have voluntarily accepted.

The late election demonstrates clearly that a strong majority of our people desire the continuation of a clean, honest, able, and businesslike administration of its affairs. In view of the fact that this marks the seventh consecutive year the citizens of Somersworth have openly expressed their confidence in me as their chief executive, I would, indeed, be ungrateful if I failed to extend to them my sincere appreciation and thanks. My one hope and aim is to so conduct their affairs that, whether in or out of public office, I may continue to merit their confidence and trust.

Just as a defeat at the polls is a conclusive public expression that a change of policy is desired, so, too, is it safe to conclude that a victory at those same polls is a public expression for the continuance of the policy of the previous administration. The late election can leave no doubt in our minds as to the desires

of our electorate concerning the policy they wish followed. It is our civic duty to so manage the intricate and diverse interests of our city that this public wish will be gratified.

To attain this end and complete a year of success in the management of our city's affairs, co-operation and confidence in the motives and principles of one another is essential. It is impossible for one alone to accomplish much. The assistance of his fellow workers is necessary if any degree of success is to be attained. Since most of you members of the council are acquainted with the duties of your office and with the conditions of our city, I am sure that you will lend your every effort to render a good account of the charge committed to us and with care, prudence, forethought and honesty governing your every act, administrate all affairs along the lines of the most rigid economy.

Our position, as trustees of the valuable property of our city, imbues us with discretionary powers of a wide range. We must use the utmost caution, this coming year, to protect those who have placed us in this position. We can do this only through the exercises of sound judgments in the expenditure of public money. The industrial depression which our city has undergone has compelled a decrease in the valuation of our taxable property. This decrease in valuation necessitates an increase in our taxes, if we wish to avoid an accumulating indebtedness each year.

Now that the industrial conditions of our city appear in a brighter light than they have in the past, it shall be my aim and object throughout the year to oversee the appropriations of the various departments and

suggest curtailment wherever possible, I shall expect your hearty co-operation, as well as that of the various department heads in this work. No new projects should be entertained this coming year, which shall call for increased expenditures, unless the material and social welfare of our community is seriously affected.

Our citizens have graciously accepted the increased burden of taxes placed upon them by the exemptions in taxes granted our new industries. Let us follow their glowing example by employing the greatest possible restraint in our expenditures and so manage their affairs throughout this difficult year that they may look forward to an early return to their late enviable position—the second lowest taxable rate of all New Hampshire's cities. If we accomplish no more than this, we shall find awaiting us, at the end of our year of service, a master public, appreciative of the proficiency of his servant.

According to figures presented by our city clerk, I find the financial status of the city to be as follows:

FINANCIAL STATEMENT, MARCH 1, 1928

High school bonds	\$125,000.00
Refunded water works and general indebtedness bonds	70,500.00
Refunded miscellaneous bonds	19,000.00
Cemetery trust fund	34,788.74
Cemetery gate trust fund	1,299.71
Chandler trust fund	2,000.00
<hr/>	
Total liabilities, March 1, 1928	\$252,588.45

Cash on hand March 1, 1928	\$ 16,947.72
Cemetery trust fund	34,788.74
Cemetery gate trust fund	1,299.71
Chandler trust fund	2,000.00
<hr/>	
Total assets, March 1, 1929	\$55,036.17

FINANCIAL STATEMENT, MARCH 1, 1929

High school bonds	\$118,000.00
Refunded water works and general in- debtedness bonds	58,000.00
Refunded miscellaneous bonds	15,000.00
Cemetery trust fund	35,938.74
Cemetery gate trust fund	1,352.19
Chandler trust fund	2,000.00
Temporary loan	20,000.00
<hr/>	

Total liabilities, March 1, 1929 \$250,290.93

Cash on hand, March 1, 1929	\$9,251.56
Cemetery trust fund	35,938.74
Cemetery gate trust fund	1,352.19
Chandler trust fund	2,000.00
<hr/>	

Total assets, March 1, 1929 \$48,542.49

Net debt, March 1, 1928	\$197,552.28
Net debt, March 1, 1929	\$201,748.44
<hr/>	

Net increase of indebtedness, March 1,
1929 \$4,196.16

HIGHWAYS AND SIDEWALKS

The work of this department during the past year has been carried on with utter disregard to sectionalism or partisanship, improvements being made on our roads and sidewalks only where they seemed most necessary. This policy of economy, placing all other interests secondary to those of our city and our citizens, explains, in part, the many compliments received in behalf of our commissioner of roads throughout the year.

Last year I made two recommendations concerning the improvement of our roads, with a proviso attached, that our funds warrant them. Our finances did not permit the construction of these roads, so I again make the same recommendations for this coming year. The first, to gravel the road on Hamilton street, continue on through Grand and stop at Beacon; the second, to gravel South street, from High street to Green street. I gave as reasons for my recommendations, an easier access to our Playgrounds, to our High school and to our hill district, in the first case, and an improvement that is obviously necessary, in the second. If the finances of the department will not permit the undertaking of both recommendations at this time, I certainly hope that they will be sufficient to partially remedy the deplorable condition of South street.

We shall be compelled, this year, to place an additional burden on this department, as we shall be called upon by the State Department to pay our proportional share of the expense incurred by the construction of our eastside trunk line, which runs from Hanson's corner to the town line of Dover.

Last year a small truck was added to the equipment already owned by the city. It was my belief that this truck would aid in the curtailment of the expenses of the department, and for that reason, I made my recommendation. The truck has been in use almost every day and as the cost of operation is small, will pay for itself with another year of service. It is my belief that this department, since being motorized, has reached its highest mark of efficiency, which I hope will be maintained throughout the coming year.

WATER WORKS

The monthly reports issued by the State Laboratory of Hygiene prove, by test, that our water is suitable for drinking and household purposes.

During the past year, the interior of our pumping station, including the pumps, boiler setting and piping, was thoroughly renovated, and is now in very good condition. A cement block sand pen, which was very badly needed, was constructed at the rear of the filter bed. In addition to these improvements, the department set out 7,000 young white pine trees on the pumping station grounds, which in the future will unquestionably enhance the beauty of the spot.

Along Indigo Hill road, on the west side of High street, a 900-foot extension of the distribution system was installed.

A further extension of the meter system was made during the year as requested by the consumers of our water supply. There is no question as to the value of this system to the consumer and to the city, as it has in every instance prevented the unnecessary wastage

of water, thereby saving the city money, both in labor and in the depreciation of machinery. After the expenses of the department had been met, there was, as usual, a surplus turned over to the city. This department, in its success, merits our praise.

FIRE DEPARTMENT

This year finds our Fire Department in a condition unparalleled by any period of our municipal history. It is fully equipped with modern apparatus which will require no more than the regular attention this coming year. During the past year, the expenditures of this department proved conclusively that our new system cost us no more for maintenance than the old, while no honest comparison can be made in efficiency, so far superior is the new.

Too much credit cannot be given to the members of this department who by their willingness, determination, and pluck have so well guarded our lives and our property throughout the year. The harmonious spirit of the department is indicative of a high morale and is worthy of our most sincere commendation.

PUBLIC BUILDINGS

Our public buildings are in very good condition and will require but little attention this year. My recommendations for this department will be made with the same provision that was attached to it when made last year, namely, if our finances permit. I refer to the city hall, which is badly in need of paint on the outside, and to the Chandler school building, which could be painted on the inside.

The recommendation suggested last year, that something be done concerning the scenery on our stage was considered and the committee in charge, at a very low cost, had the old scenery repaired and newly painted, and purchased two new stage settings. These improvements with the additional equipment purchased have remedied a long-standing deficiency in our theatre and have enabled our stage force to extend to the public a service more in keeping with its demand.

Realizing that the interior decorations of our theatre had become faded and shabby and were subject to adverse criticism, a new drapery drop curtain was installed with box and window draperies to match. These vestments, rich in color and material, have created a complete transformation in the appearance of our playhouse, giving it a tone of refinement and elegance heretofore unnoticed, which has brought forth much favorable comment from the patrons of our theatre.

LIGHTS

Nothing can be done in this department this coming year, which would call for any expense other than ordinary. Our city, at the present time, is well lighted by the new system, which has been extended to cover our entire business section. The beauty, utility, and protection of this new system determine its momentous value to our city and our citizens.

FOREST GLADE CEMETERY

The Board of Trustees and the Superintendent in charge of this department are to be commended for the high degree of efficiency displayed in the exercise

of their duties during the past year. Wherein actual expenditures have not been decreased, which may be accounted for by the expenses incurred by the heavy rainfalls during the year, nevertheless, the improvements which have been made on the front entrance, the chapel, and the pauper lots quite offset this fact. The pauper lots, which have always been neglected, are deserving of this attention and the Superintendent merits all the praise received for his work. The change from the old interment books to a card system should be a decided improvement in the keeping of records.

If it is possible this coming year, I would like to see the old engine house located on the High school grounds moved to the cemetery. It is of no value to the city, where it now stands, while, if moved to the cemetery, it could be turned into an office and a ladies' rest room, which, in my opinion, has long been needed there.

PUBLIC LIBRARY

I am very much pleased with the management of this department. It is excellently supervised by a Board of Trustees who have made continued improvement in the conditions of our reading rooms to meet the demands of the young as well as the old who frequent them. The reading material purchased is of a comprehensive nature, selected to satisfy the different types of readers who patronize our shelves.

PLAYGROUNDS

Very little need be said about our playgrounds, as the public is already acquainted with its needs. If the financial condition of our city warranted it, I

would suggest many improvements, but since I can see no available funds in sight, I shall pass over these at this time. The public should keep in mind the value of these grounds to our children and awaken to the fact that a more active interest should be taken in its welfare. The Noble Pines and Playground was given to the city by the public-spirited people who had the interests of our children at heart. I know of no better monument to a person or a family or an organization, than a gift to humanity of this kind. I only wish that it were possible to make a larger appropriation to the trustees in charge. They are, indeed, worthy of our praise.

SCHOOLS

The high standard maintained by our schools reflect great credit on those in charge of our school system. The excellent records of our graduates received from the various institutions attended by them assures us that the money expended by this department is securing the desired results.

It was always my contention in the past, that the main purpose of our educational system was to graduate future citizens who would be a credit to themselves, to their family, to their city, and to their country. I marveled at the high standards maintained by our teachers in the High school, wondering how they could so well fulfill this purpose under such adverse conditions, I felt that we were being unjust and inconsiderate of the younger element of our city. I believe that the new school erected on the site of the old has justified all of my claims. Our enrollment has

increased, mainly because the new school now fulfills the role of the end as well as the means to a higher education.

Our new departments are so equipped that a boy or girl not desiring a college education may now spend four years in our school and come out ready to enter his field of work in life, thoroughly acquainted with his civic and national duties, and possessed of a spirit that will be an asset to them regardless of what branch of work they undertake. The gymnasium of the new school is, perhaps, responsible for this development of spirit more than anything else. For in place of the single sport of baseball of past years, we now find our pupils engaging in football, basketball, and baseball. These sports demand personal contact, and personal contact is conducive to a broader vision in our social life. Considering these special benefits to our children, we can, indeed, be proud of this most serviceable addition to our public buildings.

CONCLUSION

Gentlemen: I have given you my reports on the various departments, pointing out to you their accomplishments during the past year and suggesting a few improvements which might be made to the advantage of our civic welfare. I trust that after giving these suggestions your earnest thought and undivided attention, you will act in accordance with the will of our citizens as a whole and be governed by no selfish, partisan, or sectional spirit, keeping in mind at all times, the absolute necessity of obtaining the greatest possible returns for all moneys expended.

During the past few years, the industrial situation of our city has been decidedly unfavorable. Our industrial plants have been either entirely inoperative or active only for a part of each year. Naturally this had a tendency toward depopulation, and this depopulation indicated more strongly each year an increase in our tax rate. Nor is the loss of our citizens alone responsible for this change in taxation. It is commonly known to all men that the value of property is for the most part determined by its occupancy. Acknowledging this fact, it was not at all strange, then, that with such a high rate of unemployment existing in our midst, there should be a decided increase in property inoccupancy, and consequently a decrease in property valuation. It is not difficult to understand, then, that taxation rates and valuation are not only governed by each other but also by industrial activity, property occupancy, and a consistently uniform population. The one is entirely dependent upon the other. It is because of this continued industrial depression that an increase in our tax rate this year is unavoidable.

We have been very fortunate, through the activity of our Chamber of Commerce, in finding a partial solution of our unemployment problem. Because of the untiring efforts of these men, the Thomas Plante Company was persuaded to transfer their industry to the factory formerly occupied by the E. W. Warren concern. As I predicted in my address last year, this concern, like all others which were being interviewed, demanded an exemption from taxation before they would consider a change. Knowing that the concern would benefit our city and of the opinion that their action

would meet with the approval of the public in general, our council, without any hesitation, granted their wish, and accepted their terms. Wherein the advent of this new concern will have little direct effect on lightening our taxation burden, its presence will be gratifying if it does no more than help reduce the number of our citizens now unemployed.

Realizing the seriousness of our financial condition; you can readily understand why my recommendations for the coming year have been few. Throughout the entire year, I shall expect each department to practice at all times the most rigid economy. I shall look forward to a curtailment of expenditures in every department, and a reduction in appropriations wherever such reduction is possible and seems advisable.

During the past year I have received encouragement and co-operation from all who have been associated with me in the conduct of the city's business. I sincerely appreciate the courtesy, and good-will which they have shown at all times. I trust that this year to come will find the same harmonious feeling existent, and hope that, no matter how great or how small the problem to be solved, we shall be ever mindful of the fact that we are the servants of a generous public and must return to them, for a confidence and trust reposed in us, an honest and faithful service.

MUNICIPAL ELECTION

MARCH 12, 1929

The following is a statement of the vote of Ward 1, Ward 2, Ward 3, Ward 4, Ward 5, as declared by the moderators of these respective wards, at the closing of the polls on the twelfth day of March, 1929.

WARD ONE

MAYOR

Peter M. Gagne, d	202
George E. Varney, r	154

COUNCILMAN FOR TWO YEARS

Ludger J. Gagnon, d	199
Harold V. Sheahan, r	157

SELECTMAN FOR THREE YEARS

Omer Raymond, d	203
Joseph O. Bolduc, r	152

WARD TWO

MAYOR

Peter M. Gagne, d	219
George E. Varney, r	199

COUNCILMAN FOR TWO YEARS

Edmund Grant, d	206
William Folsom, r	210

SELECTMAN FOR THREE YEARS

Harry D. Ledger, d	210
Pierre P. Paradis, r	201

WARD THREE

MAYOR

Peter M. Gagne, d	296
George E. Varney, r	115

COUNCILMAN FOR TWO YEARS

Joseph G. Deshaies, d	291
Ovide Dufort, r	113

SELECTMAN FOR THREE YEARS

Doris W. Lamb, d	294
Clair R. Mosher, r	113

WARD FOUR

MAYOR

Peter M. Gagne, d	471
George E. Varney, r	112

COUNCILMAN FOR TWO YEARS

John F. Beamish, d	479
Kenneth E. Holmes, r	97

SELECTMAN FOR THREE YEARS

Charles G. Deshaies, d	472
Omer Laliberte, r	101

WARD FIVE

MAYOR

George E. Varney, r	91
Peter M. Gagne, d	222

COUNCILMAN FOR TWO YEARS

Albert J. Dumais, d	225
George W. Howe, r	87

MEMBER OF THE SCHOOL BOARD, THREE YEARS

James E. Perreault, d	225
Edward E. Libby, r	87

SELECTMAN FOR THREE YEARS

William Morin, d	223
Albert H. Bernier, r	89

CITY GOVERNMENT

1929

MAYOR
PETER M. GAGNE

CITY CLERK
NAPOLEON A. BERUBE

CITY COUNCIL
ORGANIZATION

The third Tuesday in March, at 10.00 A. M.

REGULAR MEETINGS

Each Tuesday during the month of April, and the first Tuesday in each month at 8.00 P. M.

COUNCILMEN

Ward 1—LEROY A. GUPTILL, one year.
LUDGER J. GAGNON, two years.

Ward 2—GEORGE T. LEBEL, one year.
WILLIAM FOLSOM, two years.

Ward 3—PHILIPPE DUMAIS, one year.
JOSEPH G. DESHAIES, two years.

Ward 4—PETER E. TREMBLAY, one year.
JOHN F. BEAMISH, two years.

Ward 5—WILLIAM H. CRAWFORD, one year.
ALBERT J. DUMAIS, two years.

STANDING COMMITTEES

Finance—The Mayor, Councilmen Deshaies, and Dumais (5).

Claims and Accounts—Councilmen Dumais (5), LeBel, and Beamish.

Roads, Bridges and Drains—The Mayor, Councilmen Dumais (3), and Crawford.

Ordinances—The Mayor, Councilmen Crawford, and Gagnon.

RESOLUTIONS

Somersworth, N. H., March 19, 1929.

Resolved: That the Committee on Finance be and hereby are authorized and empowered to borrow in anticipation of taxes, to meet current expenses, in such amounts and at such times as may be deemed advisable, at the lowest rate of interest obtainable; the sum of all amounts so borrowed not to exceed One Hundred Twenty-five Thousand Dollars, (\$125,000.00), and that the proper officers of the City be authorized to give the City's notes, or note, therefor. All debts incurred under authority of this resolution are hereby expressly made payable from the taxes of the current municipal year.

Passed March 19, 1929.

Somersworth, N. H., May 7, 1930.

It appearing on or about February 1, 1929, that the Dwight Manufacturing Company, a corporation duly established under the Laws of the Commonwealth of Massachusetts, and having its principal place of business at Chicopee, in said Commonwealth, contemplated moving a portion of its textile business to Somersworth, New Hampshire, and purchasing, occupying and putting into operation a part of the property then belonging to the Great Falls Manufacturing Company, and then occupied by said company.

IT APPEARING FURTHER that certain matters, one of which was that of taxation of property by the City of Somersworth, tended to delay and obstruct the above-mentioned action on the part of said Dwight Manufacturing Company, therefore, on February 5, 1929, a Committee was duly appointed to confer with representatives of said Company, which Committee was to report back to this body, its recommendations, with relation to the questions presented.

Said Committee, so appointed, has conferred, entered into an agreement with said Company, and submitted its recommendations.

Wherefore, Be It Resolved, that the acts performed by the said Committee, as hereinbefore mentioned, are hereby confirmed and ratified, and

Be It Further Resolved by the City Council, the Mayor concurring herein, that the City enter into a contract with said Dwight Manufacturing Company to abate each year, for the term of five years, such portion of the taxes upon the mills, machinery and stock in trade of said company, as will be equivalent to a reduction each year in the assessed valuation of said property, to the sum of two million dollars. The consideration upon the part of the Dwight Manufacturing Company for said contract shall be the moving of said portion of its textile business to Somersworth, New Hampshire, and the purchasing, occupying and putting into operation, the said above described premises. Said contract shall be upon the understanding, that, at the end of four years, if the City Council shall so vote, the Mayor concurring, this contract may be extended for a further period of five years, but, not exceeding in all, ten years, from the date of the first abatement.

The Mayor is hereby authorized to prepare and execute a contract on behalf and in the name of the City, to carry out the purposes herein expressed, and to do all other things necessary to that end.

Passed May 7, 1929.

Somersworth, N. H., June 19, 1929.

Resolved: By the City Council of the City of Somersworth, that, as the City Government of said Somersworth, it votes in favor of a permit to druggists for the sale of liquor in said City, for medicinal, sacramental, scientific and mechanical purposes, under the provisions of Section 9 of Chapter 99 of the Laws of 1919, entitled, "An Act to amend Chapter 147 of the Laws of 1917, relating to intoxicating liquor."

Passed June 19, 1929.

Somersworth, N. H., April 30, 1929.

Be It Ordained by the City Council of the City of Somersworth:

Amend the ordinance, relating to Regulation of Street Traffic, by adding thereto, the following:

Article 6, Section 1. There shall be no parking of vehicles on the westerly side of Main Street, from its intersection with Mount Auburn Street; southerly to the intersection of Main Street and Indigo Hill road, for a period over one and one-half hours.

Section 2. Any person, violating this provision, shall be liable to a penalty not to exceed twenty dollars.

Passed April 30, 1929.

Somersworth, N. H., November 5, 1929.

Resolved: That the Committee on Finance be and hereby are authorized and empowered to borrow, to purchase a suitable sand and gravel bank, for the use of the City, with money not otherwise expended; the sum of all amounts so expended not to exceed Twenty-five Hundred Dollars, (\$2,500.00) and that the Mayor be authorized and empowered to execute the necessary papers, agreements, or instruments, to attain that end.

Passed November 5, 1929.

Somersworth, N. H., January 7, 1930.

Resolved: That the Committee on Finance be and hereby are authorized and empowered to borrow in anticipation of taxes, to meet current expenses, in such amounts and at such times as may be deemed advisable, at the lowest rate of interest obtainable; the sum of all amounts so borrowed not to exceed ten thousand dollars, (\$10,000.00) and that the proper officers of the city be authorized to give the city's notes, or note, therefor. All debts incurred under authority of this resolution are hereby expressly made payable from the taxes of the current municipal year.

Passed January 7, 1930.

Somersworth, N. H., February 11, 1930.

Resolved: That the Committee on Finance be and hereby are authorized to transfer from any department, that may have an excess of appropriation, or from any money remaining in the treasury, not otherwise appropriated, and apply to such department, as may have expended more than the appropriation therefor.

Passed February 11, 1930.

Somersworth, N. H., February 11, 1930.

Resolved: By the City Council of the City of Somersworth, that, whereas, William Folsom, who was elected as councilman from Ward Two on March 12, 1929, for the term of two years, has lately removed from said city; that the said seat of the said William Folsom, in said Council, be and is hereby declared vacant.

And be it further resolved that the selectmen of said Ward Two be and hereby are instructed to insert an article in the warrant for the annual election, to be held March 11, 1930, calling for the election of a councilman for the said unexpired term.

Passed February 11, 1930.

PETITIONS

Somersworth, N. H., December 26, 1928.

To the Honorable Mayor and City Council of Somersworth, in the County of Strafford and State of New Hampshire:

The Twin State Gas and Electric Company, a corporation duly organized by law, and having a place of business at Somersworth, in said County of Strafford, respectfully represents that it desires to construct a line of poles and wires thereon, with the necessary equipment thereon, in said city of Somersworth, extending from its present terminus, at the intersection of Maple and West High streets, along said Maple street, in an easterly direction, to the residence of Arthur Douglas; also, extending from said intersection in a northwesterly direction, along said West High street, to the residence of Idella J. Wyman; also, extending from the intersection of Tate's Brook Road Extension, and said West High street in a southerly direction along said Tate's Brook Road Extension, to the residence of Edward Mayo.

Also extending from the intersection of the cemetery with said West High street, in a westerly direction along said cemetery road, to the residence of one Veilleux, for the purpose of distributing electric current in said city of Somersworth, in accordance with the plan to be filed in the office of the City Clerk.

Therefore, it respectfully requests your Honorable Board to grant locations for said poles along the highways in said Somersworth, as specifically above set forth, and to license to string thereon, the necessary wires and other equipment, for the distribution of electric current in said City of Somersworth.

THE TWIN STATE GAS AND ELECTRIC COMPANY,

By R. M. McGillivray, Manager.

The foregoing petition was granted, at meeting held April 2, 1929.

Somersworth, N. H., March 2, 1929.

To His Honor, the Mayor, of Somersworth, and his Council:

Sirs:—I, Arthur Lemelin, wish to petition for a permit to remodel a house, situated at 239 Main street occupied as a dwelling and store. This said remodeling consists in making a show window for another store, and a piazza attached to the second story. The abutters to my property are Joseph Couture, Charles Bernier and Charles Vigneault.

His Honor, the Mayor, under the provisions of Chapter XX of the City Ordinances, appointed the 23rd day of April, 1929, at 7.30 for a Hearing on same; and the foregoing petition was granted at meeting held May 7, 1929.

Somersworth, N. H., April 2, 1929.

To His Honor, the Mayor, and City Council:

Gentlemen:—We, the undersigned officers of the Senior Class of the Somersworth High School, do hereby petition your Honorable Body for a rebate on the rental of the Opera House, used for our Play, entitled "Bashful Mr. Bobbs," on February 12, 1929.

Respectfully submitted,

MARY CASEY, *Vice President*

WALTER RUSSELL, *Secretary*

ELIZABETH SPELLMAN, *Treasurer*

The foregoing petition was granted at meeting held April 2, 1929.

Somersworth, N. H., April 5, 1929.

To the Honorable Mayor, and City Council:

Gentlemen:—We, the members of the Somersworth High School Domestic Science Class, petition your Honorable Body for the use of the Opera House, April 4th, 1929, at cost.

(Signed.)

Irene Holdsworth
Barbara Musgrave
Patricia Hourihane
Dorothy M. Devereux
Sadie Burke
Mary Bowden
Virginia Mosher

Irene Otis
Elinor D. Holmes
Anne G. Sullivan
Lillian F. Shaw
Mildred C. Caswell,
Domestic Science Super-
visor.

The foregoing petition was granted at meeting held April 9, 1929.

Pan American Petroleum & Transport Company,
 Mexican Petroleum Corporation Subsidiary,
 Bartlett & Cates Streets,
 Portsmouth, N. H., April 12, 1929.

*To the Mayor and City Council, City of Somersworth,
 N. H.:*

Gentlemen:—Petition is hereby entered for authority to raise level of road, near curb, alongside pumps at service station, owned by this company, on lower square of Somersworth. Level has in the past been raised slightly, but not sufficient to properly serve cars pulling in at the station. This level could be raised four inches, without effect on drainage. Cost of work to be at expense of this company, and to meet approval of the city.

R. T. HENDRICKSON, *Agent*.

Somersworth, N. H., April 10, 1929.

To His Honor, the Mayor, and City Council:

Gentlemen:—I wish to petition your Honorable Body to build a back room, 10 feet by 14 feet, next to the one already built, and occupied as a kitchen; and, also, to move a shed in the corner of the lots of Charles Vigneault, Alfred Gagne and Joseph Couture.

His Honor, the Mayor, under the provisions of Chapter XX of the City Ordinances, appointed the first day of May, 1929, for a hearing on same.

At the hearing held, as aforesaid, the petition of Arthur Lemelin was granted on May 7, 1929.

Pan American Petroleum & Transport Company,
 Mexican Petroleum Corporation, Subsidiary,
 Bartlett & Cates streets,
 Portsmouth, N. H., April 12, 1929.

*To the Mayor and City Council, City of Somersworth,
 N. H.:*

Gentlemen:—Petition is hereby entered for authority to increase gasoline storage at service station, owned by this company, and located on lower square of Somersworth. This increased underground storage will be for 550 gallons. No additional pumps will be installed.

R. T. HENDRICKSON, *Agent*.

The foregoing petitions were referred to the Committee on Roads, Bridges and Drains, with power to act, at meeting held April 16, 1929.

The American Legion, Somersworth Post No. 69

Somersworth, N. H., April 12, 1929.

*To His Honor, the Mayor, and Gentlemen of the City
 Council of the City of Somersworth:*

1. Somersworth Post, No. 69, the American Legion, hereby petitions your Honorable Body for the sum of Fifty Dollars, (\$50.00); said sum to be used to defray expenses incurred by this Post in connection with Memorial Day.

2. It is further petitioned that a like sum be set aside for like purpose each year hereafter.

Respectfully submitted,

ALBERT E. COLBURN, *Commander*.

ERNEST J. COUTURE, *Adjutant*.

The foregoing petition was referred to the Committee on Finance, with power to act, at meeting held April 23, 1929.

Somersworth, N. H., April 24, 1929.

To His Honor, the Mayor, and City Council:

Gentlemen:—Your petitioner respectfully requests your Honorable Body for a permit to enlarge a garage, in the rear of my property, located at 28 Fayette Street. Said addition to be approximately 2 feet, 4 inches by 44 feet, and one story high.

The abutters to my property are as follows: Mrs. John Sanborn on the westerly side; Miss Minnie Morin on the southerly side, and the Dwight Manufacturing Company on the easterly side.

Respectfully submitted,

J. ARTHUR NORMANDEAU.

Under a ruling of the chair, and also under the provisions of Chapter 20 of the City Ordinances of the City of Somersworth, the above petitioner was granted a hearing on May 15, 1929.

At the hearing held, as aforesaid, the petition of J. Arthur Normandeau was granted on May 15, 1929.

Somersworth, N. H., May 27, 1929.

To His Honor, the Mayor, and City Council:

Gentlemen:—Your undersigned petitioner respectfully petitions your Honorable Body for permission to erect the following buildings on my land, located in the rear of the property, numbered and known as No. 85 Green Street. 1 2-car garage, approximately 18 feet by 20 feet; one story high. 1 shed, 28 feet by 11 feet, and one story high.

The abutters to my property are Joseph Turgeon, Benjamin Perron, Peter Marquis, Philippe Guignard, W. Ashton Horn and Louis Demers.

Respectfully submitted,

PHILIAS CANTIN.

Under a ruling of the chair, and also under the provisions of Chapter 20 of the City Ordinances of the City of Somersworth, the above petitioner was granted a hearing June 19, 1929.

The foregoing petition was referred to the Board of Engineers, to act on same, and report back to the City Council on the First Tuesday of July, 1929, at hearing held, as aforesaid.

Petition was granted, under the provisions of the Report of the Board of Engineers, at meeting held July 2, 1929.

Somersworth, N. H., June 4, 1929.

To His Honor, the Mayor, and City Council:

Gentlemen:—Your petitioner respectfully requests your Honorable Body for permission to enlarge a

wooden building, located at the rear of Nos. 32 and 34 Washington Street, to be used as a private garage. Said addition to be approximately 50 feet by 10 feet, and one story high.

The abutters to my property are as follows: Deus Couturier, Hanson Estate, and Rodis Brothers.

Respectfully submitted,

JAMES G. KRIKES.

His Honor, the Mayor, under the provisions of Chapter XX of the City Ordinances, appointed the 19th day of June, 1929, for a hearing on same. The foregoing petition was referred to the Board of Fire Engineers and the Committee on Fire Department to report back at the meeting on the First day of July, 1929.

Petition was granted, under the provisions of the Board of Fire Engineers and Committee on Fire Department, at meeting held July 2, 1929.

Somersworth, N. H., June 4, 1929.

To His Honor, the Mayor, and City Council:

Gentlemen:—Your petitioner respectfully requests your Honorable Body for permission to erect a gasoline pump, in line with those already located in front of my property, situated at 189 Main Street.

Respectfully submitted,

PETER PERREAULT.

The foregoing petition was granted, at meeting held June 4, 1929.

Somersworth, N. H., June 19, 1929.

To His Honor, the Mayor, and City Council:

Gentlemen:—Your undersigned petitioner respectfully requests your Honorable Body for a permit for the sale of liquor for medicinal, sacramental, scientific and mechanical purposes in this city.

Respectfully submitted,

ALDERIC J. VACHON,

Registered Pharmacist.

The foregoing petition was granted at meeting held June 19, 1929.

Somersworth, N. H., June 20, 1929.

To His Honor, the Mayor, and City Council:

Gentlemen:—Your undersigned petitioner respectfully requests your Honorable Body for permission to erect a sign, to be sufficiently braced from building, located and known as No. 5 Washington Street. Said sign to be approximately 3 feet by 18 inches.

Respectfully submitted,

MILDRED FOGG.

The foregoing petition was granted at meeting held June 26, 1929.

Somersworth, N. H., October 28, 1929.

To His Honor, the Mayor, and City Council:

Gentlemen:—Your undersigned petitioner respectfully requests your Honorable Body for a permit to erect a wooden garage, intended for private use, and to be situated in the rear of the property located at 119 Main Street, in Somersworth. Said proposed structure to be approximately 10 feet by 20 feet, and one story in height.

The above property is adjacent to the land of Roy and Boucher on the south, west and north; and by land of the petitioner, on the east.

Respectfully submitted,

ALFRED J. BOUCHER.

His Honor, the Mayor, under the provisions of Chapter XX of the City Ordinances, appointed the third day of December, 1929, at 7.45 P. M., for a hearing on same.

At the hearing held, as aforesaid, the petition of Alfred J. Boucher was granted on December 3, 1929.

Somersworth, N. H., August 26, 1929.

To His Honor, the Mayor, and City Council:

Gentlemen:—Your undersigned petitioner respectfully requests your Honorable Body for permission to erect an additional gasoline pump on the outside of the curbing, in line with the one already installed, and, also, a permit to erect an arm, to extend over the side-

walk, for compressed air, at my place of business, located at No. 52 Green Street.

Respectfully submitted,

JOSEPH D. GAGNE.

The foregoing petition was granted, at meeting held November 5, 1929.

Somersworth, N. H., November 2, 1929.

To His Honor, the Mayor, and City Council:

Gentlemen:—Your undersigned petitioners requests your Honorable Body for the construction of a sidewalk on the westerly side of Beacon Street.

(Signed)

Hilaire Rosebery
Thomas Lessard
William Goddard

Elizabeth P. Pope
Charles A. Eastman
Charles J. McGuinness

The foregoing petition was referred to the Committee on Roads, Bridges and Drains, at meeting held November 2, 1929.

Somersworth, N. H., December 3, 1929.

To His Honor, the Mayor, and City Council:

Gentlemen:—Your undersigned petitioner respectfully requests your Honorable Body for a permit to in-

stall a "Diner," so called, on the land of Alfred J. Boucher, and adjacent to the property of Hormidas J. Desmarais, located at No. 125 Main Street.

The above property on which said "Diner" will be located is bounded on the east by Main Street; on the south by Dwight Manufacturing Company's land; on the west by land of Alfred J. Boucher; and on the north by land of Hormidas J. Desmarais.

Respectfully submitted,

RAOUL PEPIN.

His Honor, the Mayor, under the provisions of Chapter XX of the City Ordinances, appointed the 19th day of December, 1929, for a hearing on same.

At the hearing held as aforesaid, the petition of Raoul Pepin was granted on December 19, 1929.

Somersworth, N. H., December 18, 1929.

To His Honor, the Mayor, and City Council:

Gentlemen:—Permission is hereby sought to install on my property at No. 30 Washington Street, one gasoline pump and tank. The tank will be of 1,000 gallon capacity; the pump to stand on the curb of the sidewalk, directly in front of my store.

Respectfully submitted,

JAMES G. KRIKES.

The foregoing petition was granted at meeting held January 7, 1930.

ANNUAL REPORTS

OF THE

Several Departments

OF THE

CITY OF SOMERSWORTH

FOR THE YEAR

ENDING FEBRUARY 28, 1930

REPORT OF THE CITY SOLICITOR

Somersworth, N. H., March 1, 1930.

To His Honor, the Mayor, and the Honorable City Council:

Gentlemen :

I submit herewith my annual report as City Solicitor for the year ending February 28th, 1930.

During the past year there has been no litigation in any court in which the city was interested either as party plaintiff or defendant, and there are no outstanding claims against the city that have been referred to the solicitor for opinion or adjustment.

In our police court but two cases came before the juvenile court during the past year, which is a continuation of the good record made last year when not a single case was brought before it. I believe this most pleasing condition reflects much credit on the parents of our city and I cannot but feel that the playground, providing as it does adequate means of recreation for the young people, has had a good influence in moulding their characters.

Respectfully submitted,

THOMAS J. MCGREAL,

City Solicitor.

CITY CLERK'S REPORT

Somersworth, N. H., February 29, 1930.

To His Honor, the Mayor, and City Council:

Gentlemen: I herewith submit my report for the fiscal year ending February 29th, 1930:

Dog licenses	\$212.00
Auto registration permits	6,059.34
Miscellaneous licenses	440.00
	<hr/>
	\$6,711.34
Transferred to City Treasurer	\$6,711.34

Respectfully submitted,

NAPOLEON A. BERUBE,

City Clerk.

REPORT OF THE BOARD OF HEALTH

Somersworth, N. H., March 1, 1930.

To His Honor, the Mayor, and City Council:

Gentlemen:—I herewith submit my eighth annual report for the fiscal year ending February 28, 1930.

Inspections

Schools	5
Dwelling houses	12
Stores	32
Dumping places	5
Privies	10
Complaints from other sources	42

Contagious Diseases Reported

	<i>No. Cases</i>	<i>Deaths</i>
Diphtheria	8	0
Scarlet Fever	5	0
Measles	3	0

2,365 loads of garbage were disposed of during the yearly collection.

Respectfully submitted,

HONORE GIRARD,

*Sanitary Officer and Secretary
of the Local Board of Health.*

STREET COMMISSIONER'S REPORT

Somersworth, N. H., March 1, 1930.

To His Honor, the Mayor, and City Council:

Gentlemen: In accordance with the provisions of the City Ordinances, I herewith submit my first annual report for the fiscal year ending February 28, 1930.

Streets

All streets have been kept clean, and also all highways cleared of stone, or other matter, liable to impair good travelling, and put in good condition, and where grading was necessary, improvements have been made. All trees in the city proper have been trimmed, and those that were useless were cut down.

Roads

We have gravelled Indigo Hill road, from the railroad crossing to the residence of John Horlor; Second street, from Indigo Hill road, including Downs street; Depot street, from Main to Union streets; Mount Auburn street, from Main to Green streets; Fremont street, from Union to Green streets; Union street, from Spring to Walnut streets; Central street, from Main to Union streets; Page street, from Maple to Winter streets; and Blackwater District, from the cement road to the Dover line; have also oiled same, except Blackwater District.

I would recommend gravelling and oiling West Green, Spring, Horne, Hanson and Myrtle streets.

Respectfully submitted,

EDWARD G. LETOURNEAU,
Street Commissioner.

FIRE CHIEF'S REPORT

Somersworth, N. H., March 1, 1930.

To His Honor, the Mayor, and City Council:

Gentlemen: I herewith submit to you the annual report of the Fire Department.

ORGANIZATION

Chief—Edward L. Flanagan.
 1st Assistant Chief—Gedeon J. Turcotte.
 2nd Assistant Chief—Ernest E. Turcotte.

Department

Captain—George Berry.
 1st Lieutenant—Omer Raymond.
 2nd Lieutenant—Daniel Sullivan.
 Clerk—John R. Hodsdon.
 Drivers—George Heon, Dolor A. Houle,
 Elphege Morin, Ernest Heon, Arthur
 Nadeau.
 Mechanic—Eugene J. Morin.
 Committee on Fire Department—George
 T. LeBel, Philip Dumais, John F.
 Beamish.

Apparatus

Central Fire Station

1 American LaFrance Triple Combination; hose, pump
 and chemical.

1 American LaFrance City Service Truck; ladder and chemical.

Deluge 3, Washington street—Loaded hand drawn hose reel.

Eighty-six alarms were responded to.

Chemicals in schools and public buildings are kept ready to use at all times.

Fire drills are held in the schools.

Stores and places of business are inspected.

Woodlands are posted with forest fire warnings, and in dry spells are closed and posted.

The above are some of the duties performed, in addition to responding to alarms for fire.

Thirty-two permits to burn grass, brush, leaves, etc., were issued.

I appreciate greatly the cooperation of the Police and Water Departments extended this department throughout the year; also that of the School Department, Superintendent, teachers and janitors, in connection with the fire drills in the schools.

I thank the Committee on Fire Department for the cooperation and support during the past year.

Recommendation

I recommend the purchase, for this department, of a light motor piece of apparatus, to be used as an auxiliary to our heavy pieces, and to answer alarms in the outside districts, for grass, brush, etc.

There are times, especially in the spring-time, when the brush fire alarms are numerous; that it would be folly to try and send our heavy truck through the country roads; also, it is not advisable to send the truck outside, and leave the city unprotected, as it would be on such an occasion; and I feel that, for those reasons alone, as well as adding to our city's protection, a light piece of apparatus would be a good investment.

Respectfully submitted,

EDWARD L. FLANAGAN,

Chief of Fire Department.

REPORT OF OVERSEER OF THE POOR

Somersworth, N. H., March 1, 1930.

To His Honor, the Mayor, and City Council:

Gentlemen: I herewith submit my ninth annual report as Overseer of the City of Somersworth, for the year ending February 28, 1930.

The itemized account of expenditures of this department, amounting to \$4,925.25, will be found on another page of this book. The amount of \$350.27 was expended on Soldiers' Aid, making a total expenditure of \$5,275.52.

Respectfully submitted,

JOHN J. DUFFY,

Overseer of the Poor.

REPORT OF TAX COLLECTOR

Somersworth, N. H., February 28, 1930.

To His Honor, the Mayor, and City Council:

REPORT OF LIBRARY TRUSTEES

*To His Honor, the Mayor, and the Honorable City
Council of Somersworth, N. H.:*

Gentlemen: In submitting the report of the Librarian of the Public Library for the past year, the trustees are pleased to call your attention to the importance of the Library to our community. The work of the Library staff has been both pleasing and satisfactory and has been carried out in accordance with the rules of the most stringent economy.

It is the belief of the trustees that the suggested changes, which would, undoubtedly, be an improvement in the appearance as well as in the efficiency of the department, be favorably considered if finances permit.

The trustees express their deepest sorrow, at this time, in the passing of one of their most esteemed members, the Honorable C. H. Wells. The deep interest taken by him in the development and the growth of our Library, makes his loss keenly felt both by this board and by the reading public.

Respectfully submitted,

HAVEN DOE, *President,*
HENRY P. MULLEN, *Secretary,*
HENRY C. HARDEN,
ALFRED J. BOUCHER,
THOMAS J. MCGREAL,

*Trustees of the Somersworth
Public Library.*

Somersworth, N. H., March 1, 1930.

To the Trustees of the Somersworth Public Library:

Gentlemen: I have the honor to herewith submit the annual report of the Somersworth Public Library for the year ending February 28, 1930.

It is with satisfaction that I can report a most successful year in our library work. There is assurance that what the Library is giving to the community is appreciated as indicated by our record of book circulation; the figures, however, give only the reading done outside the library and leave the reading done within the library wholly unmetered.

The statistics for the year record that 33,803 volumes were borrowed, which is an increase over any of the records for the past ten years.

The volumes loaned for home reading this last year are divided as follows:

General works	66
Philosophy	173
Religion	66
Sociology	476
Language	27
Science	219
Fine arts	407
Useful arts	421
Essays, poetry, etc.	685
Travel and history	623
Biography	447
Magazines	2,165
Pamphlets	86

French books	221
Fiction	27,721
<hr/>	
Total	33,803

The following brief summary shows in compact form what has been accomplished by the Library during the year.

Number of days open	302
Number of volumes at beginning of the year	16,374
Number of volumes added	482
(Of this number 210 were non-fiction and 272 were fiction)	
Number of volumes worn out and withdrawn	341
Total number of volumes at end of the year	16,515
Number of pamphlets catalogued as books	458
Number of volumes rebound	234
Number of volumes loaned	33,803
Number of magazines regularly received .	25
Number of registered library readers	2,584

The Library has steadily increased in usefulness and, although no record was kept of the hundreds of reference questions answered, no effort was spared to furnish information, especially for debates both in the High Schools in Somersworth and Berwick.

The need of a liberal appropriation for the book fund is of prime importance. Your Librarian has given much consideration to the selection of new publications and all classes of literature have been included in the selections. These new books were added on the first and fifteenth of every month during the

year. We could not purchase as many new books as desired on account of the decrease in our appropriation; it was also necessary to eliminate many good magazines from our subscription list, which is a fact much to be regretted.

One of our most urgent needs at present is new book shelving. This need is too obvious to require explanation; it is very important, however, that we have a sufficient number of stacks to meet our requirements. Steel stacks in place of the antiquated wooden ones now in use would allow us room for more books in the same amount of floor space and the Library would acquire a much neater and up-to-date appearance. It is hoped that in the near future we may obtain an appropriation sufficiently adequate to cover such an expenditure.

It was with regret that we accepted the resignation of Mrs. Ethel M. Colburn last December; her very satisfactory work was much appreciated by the Librarian.

During the year, Miss Leonora Bates and Rev. Elmer West very kindly donated a number of books which we gratefully accepted. We are also grateful to Hon. C. H. Wells for giving us space in the Somersworth Free Press for our monthly book lists.

I wish, at this time, to thank the Trustees for their cooperation during the year.

Respectfully submitted,

MRS. LEONA H. SAVITHES,

Librarian.

Signals

1-1 At 7.30 A. M., dismisses lower grades; followed by 1-1 at 7.45 dismisses all schools.

1-1 At 12.30 P. M., dismisses lower grades; followed by 1-1 at 12.45 P. M., dismisses all schools.

1-1 At 10.45 A. M., one session.

General Rules

Firemen, as well as citizens should familiarize themselves with the following rules for giving alarms of fire.

1. Never pull a box for a fire seen at a distance.
2. Never pull a box while the alarm bells are ringing, not until a box has completed its four rounds. Two boxes cannot operate together, and neither will work if two are pulled at the same time. Never pull two alarms of two boxes for the same fire.
3. To ring in an alarm, break the glass in the key-box and open the outside door with the key. Pull down the brass crank seen inside, till it stops, then let go. Then let the box alone. The clock will be seen or heard to be running, and the alarm will follow in half a minute or so. Close the door, but do not try to remove the key, as it is locked in track lock and can only be removed by a release key, which is carried by each engineer, who will, as soon as convenient, release and return it. Remember that the firemen will come directly to the box which has been pulled, and be sure that someone stays at the box to direct them to the fire.
4. Never pull an alarm for a fire seen at a distance. Never touch a box except to give an alarm of fire. Give an alarm for no cause other than actual fire. Don't give an alarm for a chimney fire.

APPROPRIATIONS FOR 1929

REPORT OF WATER COMMISSIONERS

March 1, 1929, to March 1, 1930

FRANK E. HOBBS, *Chairman*

PETER M. GAGNE, *Clerk*

JOHN E. SULLIVAN

Frank E. Hobbs, elected March 27, 1912; term expires
June 16, 1930.

Peter M. Gagne, elected January 5, 1915; term expires
June 16, 1931.

John E. Sullivan, elected April 10, 1928; term expires
June 16, 1932.

REPORT OF WATER COMMISSIONERS

To His Honor, the Mayor, and City Council:

Gentlemen: As provided in the City Ordinances, the Board of Water Commissioners herewith submit the following Report for the year ending February 28, 1930.

At a meeting held June 16, 1929, Frank E. Hobbs was chosen Chairman, and Peter M. Gagne, Clerk of the Board of Water Commissioners, and John F. Lucey was elected Superintendent of the Water Works for the ensuing year.

Bills approved for payment, with the various departments to which they belong.

Maintenance

Office expenses	\$231.14
Salaries	2,150.00
Pumping station	9,314.67
Meter service	760.50

Cash on hand, March 1, 1930	\$163.51

Respectfully submitted,

FRANK E. HOBBS, *Chairman*,
PETER M. GAGNE, *Clerk*,
JOHN E. SULLIVAN.

REPORT OF SUPERINTENDENT

To the Board of Water Commissioners:

Gentlemen: I herewith present to you the annual report of the department for the year ending February 28, 1930.

Pumping Station

The buildings are in good condition; minor repairs and painting having been done on the pumps during the year. The boilers have been inspected internally, and externally, by insurance inspectors, and passed by them.

Filter Bed

The filter bed has had its surface scraped, and clean sand returned to same.

Stand Pipe

Small leaks were caulked during the cold weather. The outside of the stand pipe needs scraping, caulking and painting.

Distribution System

There were several joint leaks on this system during the year.

Service Pipes

Four new services were installed during the year, and several were relaid, and many of the services had to be cleaned. There were many service leaks caused principally by broken goose necks.

Hydrants

The hydrants were inspected and flushed many times during the past year.

Eighteen new meters were put on services during the year, and many old ones replaced by new ones.

Dwellings	627
Dwellings and stores	38
Schools	5
Hothouses	2
Mills	4
Shoe shops	1
Barns	1
Laundries	1
Depots	2
Theatres	1
Sausage factories	1
Halls	3
Restaurants	1
Coal yards	1
Banks	1
Hotels	1
<hr/>	
	690

Owned by the department, 685; private, 5.

In closing, I desire to express my thanks for the many kindly expressions from the Gentlemen of the Board, and all those whom it has been my pleasure to meet in my capacity as Superintendent of the Somersworth Water Works during the past year.

Respectfully submitted,

JOHN F. LUCEY,
Superintendent.

REPORT OF AUDITORS FOR THE YEAR ENDING
FEBRUARY 28, 1930

To the Honorable Mayor and City Council:

Gentlemen: We herewith submit our report as auditors for the fiscal year ending February 28, 1930.

We certify to having examined the books and vouchers of the City Clerk and City Treasurer. We find the accounts to agree with the orders drawn on the Treasurer and the accounts correctly cast.

We have also examined the books of the Water Works Department, Tax Collector, City Messenger, Superintendent of Forest Glade Cemetery and Clerk of Municipal Court, and find all accounts correctly cast and payments properly vouchered.

Respectfully submitted,

ALBERT E. COLBURN,

MARGARET CRAY O'CONNELL,

Auditors.

Thirty-seventh Annual Report

OF THE

SCHOOL BOARD

OF THE

City of Somersworth, N. H.

July 1, 1929 to June 30, 1930

Department of Public Instruction

1930 - 1931

Haven Doe, Chairman

Edward McKeon, Secretary

Members

Ward 1—Michael O'Malley, term expires March, 1933.

Ward 2—Mrs. John R. Uniack, term expires March, 1931.

Ward 3—Albert A. Bisson, term expires March, 1931.

Ward 4—Edward L. Flanagan, term expires March, 1931.

Ward 5—James Perreault, term expires March, 1932.
His Honor, Peter M. Gagne, Mayor, ex-officio.

Appointed by City Council—Edward McKeon and Haven Doe, terms expire March, 1932, Clement P. Roy and Archie L. Jacques, terms expire March, 1933.

Meetings—Third Wednesday in each month. Annual meeting first Tuesday in April.

Sub-Committees

Finance—Roy, Perreault, Jacques.

High School—Flanagan, McKeon, Doe.

Fuel—Bisson, Doe, Roy.

Elementary—Jacques, Mrs. Uniack, Perreault.

Text Books—Mrs. Uniack, O'Malley, Bisson.

Repairs—Doe, Gagne, O'Malley.

Athletic—Gagne, McKeon, Flanagan.

REPORT OF THE SUPERINTENDENT OF THE SOMERSWORTH SCHOOLS

*To the Honorable Board of Education of the City of
Somersworth:*

I submit this, my second annual report. I believe that a modern school system should consist of:

1. Trained and capable teachers.
2. Efficient supervision.
3. A curriculum adapted to the social and industrial needs of the community.
4. Adequate buildings and equipment.
5. A school system that functions smoothly.
6. A public interested, intelligent, and supporting the efforts of all.

Teachers

Miss Mary McKeon was unable to return to her position in the first grade and Mrs. Mary Flanagan Driscoll was retained as an efficient substitute until such time as Miss McKeon would be able to resume, and she has continued throughout the year. No other change has been made in the elementary teaching force. In the High School Cupid was to blame for two changes. Early in the year Miss Helen McShane, a graduate of the business course of New Hampshire

University, and with considerable office experience, succeeded Miss Loretta Gagne, and near the close of the year a cadet teacher from the University of New Hampshire was employed to complete the work of Miss Emma L. Kinsman. Miss Jessie Lanouette, an honor pupil from our own High School, who has done excellent work at the University of New Hampshire, has been elected to the position for next year. She will also coach the girls in basketball. Mr. J. F. Francoeur, a graduate of New Hampshire University, with experience gained in Massachusetts, was added to our corps of teachers and is teaching Mathematics, European History and General Science. This additional teacher has lightened the teaching load, especially for the headmaster, enabling him to devote more time to organization and supervision. Mr. Francoeur has successfully acted as a coach of athletics with the exception of baseball, which Mr. Mullen still coaches. The two men have helped one another and the work done has spoken for itself. Mr. Francoeur has also conducted physical drills for all the students and has met with a splendid response from the pupils. I hope that the time will come soon when we can have a full time physical instructor who will be able to devote time to the elementary grades as well as the High School. Without any extra remuneration Mr. Lafond organized a baseball team in the grades and acted as the coach. We have no other organized play of any kind in the elementary schools.

A public high school curriculum is not primarily designed to prepare pupils for college, nor should we measure its success altogether by the records of those who do go to college. Its curriculum should, as I said at first, meet the social and industrial needs of the

community. This I think our school does quite well, and I want to point out the fact, that the pupils of Somersworth High School who have been enrolled in the freshman class at the University of New Hampshire this year have averaged higher than the state as a whole, and that every pupil who has gone to the University or elsewhere this past year has made good, and the college entrance requirements are becoming "stiffer" each year. We have just been granted a three-year certificate privilege from the New England College Entrance Board. What the school did at the Plymouth Scholarship day, Headmaster Uniack will state in his report.

In the elementary schools Tony Stringos, of the eighth grade of last June, captured the New Hampshire State prize with his essay on Safety. This prize was given by the National Highway Board.

Schools throughout the country are continually changing in curricula, methods and management. The curricula of the state is now being revised by the State Board of Education and will be put in operation in September. We have been making a study of this and any new texts introduced this year will meet these changed demands. Our elementary schools have not kept pace with the modern trends.

Costs

Early in the year I called your attention to the fact that all connected with the schools realized the financial situation of the city and would cooperate to the fullest degree to keep down expenses. This we have done and I am sure that the Board of Education

realizes it. We have not cut efficiency, nor shall we do so. I must call your attention to the fact that the average life of a textbook is five or six years and that I have made no complete replacements in the elementary schools since taking office. The condition of some books in use, especially in the Burleigh School, is such that they must be replaced. This will demand a larger outlay for books this year. The High School needs reference books in several courses. The cost of scholars' supplies ought not to be any more, since paper stock is lower at this writing than for several years. I would not have believed it possible to set up an auto mechanics course and still continue to run the Mechanic Arts department for the same money. Mr. Lafond has done so. I recommend that his modest request for increased equipment be granted. Outside of the outlay in the Domestic Arts room for electric hot plates there should be no increase in the cost of running the High School. My last report contained per capita costs for pupils and teachers and the figures will vary but little this year.

Repairs

The matter of repairs is the item which will demand more outlay. I have already outlined these needs to the committee on repairs but I will repeat them here for the full Board and the public.

The Burleigh School should be electric lighted throughout. At present we only have lights in the basement and hallways. The old boiler is likely to spring a leak again any day. No larger return was received during the year for money spent than in that

from the sixteen dollars put into the old boiler to stop the leak in the pipe.

The report of his honor, the Mayor, as well as that of the superintendent, has before mentioned the need of renovation in the Chandler School.

Attendance

The enrollment has remained stationary in the elementary schools while that of the High School has decreased slightly. This was perhaps to be expected, after the glamour of the new building had worn off. We shall graduate a class of thirty this year but already have entrance cards for an expected entering class of forty.

We have lost no time because of bad weather, and have had only one or two shortened sessions. In all fourteen sessions have been lost for institutes, holidays and other causes. This number is still too large and puts our elementary schools below the state standard of 360 half days. We report 346 this year. It is hoped that we can so arrange a calendar next year that we can at least report 350 half days out of a possible 360. The per cent of attendance which I am reporting to the state is better than 96 and this in spite of a slight epidemic of whooping cough. This epidemic was confined largely to one room of the first grade. I think this was due in large measure to the vigilance of the school nurse. I am adding a helpful age grade table which will show the distribution of our pupils by grades and age. We have had more cases this year than for a long time, where sickness in the home has prevented us from literally enforcing the law

which reads—"Every child between eight and sixteen years of age shall attend the public school to which he is assigned, or an approved private school, during all the time the public school is in session unless he is more than fourteen years old and has completed the studies prescribed for the elementary schools." No discretion is left to the superintendent or teacher by the law and we try to keep such a check on attendance that no pupil shall fail of promotion for failure to attend unless he or she is sick. It is sometimes hard to force attendances when it virtually means that the sick ones at home must call upon the city or county for assistance.

It is gratifying to know that the health instruction of our schools is on a sound basis. Less free milk is needed each year to build up the under-nourished. We should, however, have more clinics. As I mentioned in my last report, some method should be devised whereby a dental clinic could be held. The pre-school clinic conducted by the Red Cross is very helpful.

The vaccination law has been strictly enforced this year and all pupils are now either vaccinated or have proper certificates excusing them. If we carefully check all incoming pupils we should not have any small pox in our schools.

Before closing I wish to call your attention to the fact that much of the good work of our schools is being done by those whose reports accompany mine, and they deserve your careful reading. I wish to quote and emphasize what Mr. Lafond says after speaking of our exhibit of Manual and Domestic Arts and Drawing—"I wish that more of the people of Somersworth

would come to visit us while at work, as this is the only way that a person can see the modern trend of education."

The past school year has been successful and co-operation of all concerned has made it so, and for this cooperation I wish to thank all.

Respectfully submitted,

HOWARD L. WINSLOW,

Superintendent of Schools.

REPORT OF HEADMASTER OF HIGH SCHOOL

To the Superintendent and Members of the School Board:

Since the work of the past year has consisted largely in stabilizing and co-ordinating the changes which were deemed necessary the previous year, this report will of necessity contain much in retrospect, together with a brief statement of the requirements conditioning the approval of the school.

The initial enrollment for the year 1929-30 was somewhat less than that of the previous year, a loss which can be partly accounted for by the adverse trend of economic conditions. To counterbalance this loss, however, there was such a marked improvement in the percentage of retardation and loss that the total enrollment at the close of the school year in 1930 was substantially the same as that of 1929.

In matters scholastic our graduates of recent years have maintained the same high standard which has been set them by their predecessors. Of the sixteen who attended the University of New Hampshire this year six were on the honor roll. Those who attended other colleges and institutions of post secondary grade have done equally creditable work. At Plymouth Normal in competition with nine other teams in chemistry the team representing Somersworth won first place. In French, Somersworth was seven in a group of sixteen.

During the year we have tried to make it possible for the student body to benefit from setting-up exercises, which are quite in vogue today both in the school and in the home. A ten-minute period each morning is devoted to this drill, the boys and girls going into the gym on alternate mornings. This same ten-minute period is also utilized for drill in the fundamental subjects, approximately one-third of the time being devoted to spelling, one-third to place geography, and one-third to arithmetic.

It seems fitting at this time to repeat—for there appears to be some misunderstanding with regard to the matter—the conditions necessary for graduation as promulgated by the State Commissioner of Education. Stripped of non-essentials, it simmers down to this—that before one is entitled to the diploma of a high school approved by the State Board of Education sixteen units must have been satisfactorily completed. There is no requirement that these be completed in four years. The length of time depends solely upon the student.

If one is extremely clever and has an aptitude for scholastic work, it is possible to complete the required number of units in three years, a unit being a single course pursued not less than four periods a week for one school year of not less than thirty-six weeks. For the average student four years are necessary. But there are, unquestionably, some who, though conscientious students, are slow to grasp the gist of a subject, whose mental powers do not react well until more mature years have added the necessary stimulus. For these it is not only required that they spend five years in high school, but it is also, from the standpoint of the pupil's own good, highly advisable.

Furthermore, it is expressly stipulated by the commissioner that there shall be no promiscuous shifting of courses and that permission to change a course should be granted rarely and only for the soundest of reasons. Consequently, it becomes increasingly necessary for a member of the school to apply himself diligently to those subjects which are prescribed in his curriculum, rather than scanning the other curricula to find a subject that may, in the estimation of a slothful student, be somewhat more desirable.

The urge to stress the thought in the preceding paragraphs arises from our desire to make clear that the requirements for study, promotion, and graduation are not a matter of individual choice but are rather the result of unified control and standardization of secondary schools, not only in New Hampshire but throughout the whole country.

In conclusion it may not be remiss to say a word of the student body in your High School. The success of any school, whether it be large or small, must depend upon the loyalty of those who attend it. For diligence, for sincerity of purpose, for their eagerness to cooperate with the teachers and all others who are interested in their welfare they are to be highly commended.

Respectfully submitted,

J. R. UNIACK.

REPORT OF THE SUPERVISOR OF DRAWING

*To the Superintendent of Schools and Members of the
School Board:*

Gentlemen:

It is with pleasure that I submit my annual report of the work done in drawing in the Somersworth schools.

Poster work has played an important part in our art work this year. Anything which can take an active part in student activities stimulates the pupils to their best efforts. Thus, in poster work the students outdid themselves to plan and execute posters which would interest the public in their undertakings and school activities. From this, it was but a step to awaken their interest in local organizations in their various ventures.

The aims of poster work are to develop the knowledge of good proportion and color combination. Of course, in this phase of art, as in all others, good workmanship is of prime importance. An effort was made to emphasize the elements of good design and spacing, and while the students were allowed to use the design and type of lettering which they chose, they were guided in using letters of a proportion to harmonize with their design.

The High School pupils made posters for food sales and benefits given by both the Senior class and

Mother's Club, for the basketball, football and baseball games and for the Senior play. They also studied the different types of lettering in connection with the poster work. In addition, they worked on pen-and-ink drawing and pencil sketching.

In Grammar School the pupils helped the American Legion by making posters for a series of four whist parties and the Poppy Drive. They also made Tag Day posters for the benefit of the Playgrounds, and food sale posters for the Boy Scouts, besides helping the High School Freshmen for the numerous High School benefits. Two whole terms were devoted to poster work this year.

Mildred Files, George Varitimos, Peter Bolotos, Henry Harden, and Charles Plummer did excellent work in the eighth grade. They became so interested that they worked many hours at home in addition to the time spent in the classroom. Charles Plummer made the design for the Memorial Day program used at the exercises in Grammar School.

Nazaire Roy of the sixth grade is the best pupil in drawing in our schools. He possesses unusual talent, and I am sorry to have him leave school this year.

In the lower grades the pupils are taught the elementary steps in design. The subjects are necessarily simple but are used to develop the imagination, a feeling for order and spacing, and an eye for the correct color combinations.

As has been our custom, an exhibition of the best of the year's work was held June third and fourth.

This gives the parents and friends an opportunity to see the work which the students are doing and it also serves as an incentive to the pupils.

May I thank you, Mr. Superintendent, Members of the School Board, and teachers, for your interest and cooperation in my work.

Respectfully submitted,

ALMA B. ROY.

REPORT OF DOMESTIC ARTS INSTRUCTOR

*To the Superintendent of Schools and the Members of
the School Board:*

Gentlemen:

I am presenting with pleasure my third annual report of the work completed in the Domestic Arts Department of the Somersworth schools.

In grade seven the girls canned fruits and vegetables, made jelly and pickles. They prepared and served to parents and friends six balanced meals, suitable to the average home. Cost and nutritive values were considered. In sewing, grade seven made underwear, Christmas gifts, and cotton school dresses.

The girls of the special grade met with the regular seventh grade and carried on the same work.

The eighth grade girls also canned fruits and vegetables, made jelly and pickles. They prepared and served six balanced meals to parents and friends. Attention was given to cost of foods in season, nutritive values, methods of preparation, and attractive service. In sewing, they made various pieces of underwear, Christmas gifts, and wash dresses.

The High School Freshman and Sophomore classes made a study of Foods and Nutrition. This included the composition and digestion of foods, their source, manufacture, marketing, and storage. Also the equipment, arrangement, and care of the kitchen, store

rooms, and dining-room. They planned, prepared and served eleven balanced meals to relatives and friends. In April all the Sophomore girls attended the Modern Homes Exhibition in Boston. It proved to be a profitable and pleasing experience.

The High School Junior and Senior class have considered the Family and its Members. That included Home Membership and Responsibilities, Use of Leisure Time, Home Care for the Helpless, Community Responsibilities, and Choice of Vocation. In October this group visited the Boston Food Fair and other places of general interest.

During the first week in June, the annual exhibition of school work was held in a vacant store on Main street.

Next year the Freshman and Sophomore classes will make a study of Textiles and Clothing. The juniors and seniors will study The Home, Its Care and Management.

I wish to thank the School Board, Superintendent, Teachers, and Parents for their helpful cooperation during the year.

Respectfully submitted,

MILDRED C. CASWELL,

Supervisor of Domestic Arts.

REPORT OF THE MANUAL ARTS INSTRUCTOR

To the Superintendent of Schools and Members of the School Board:

It is a great pleasure to me to be able to state that Mechanic Arts attendance has been increasing in the high schools throughout the country. The increase has been up to standard here in the Somersworth schools, and I believe that the future will enable more boys, who are now leaving school at the end of the grammar school course, to finish with at least a practical high school course.

The cost of operating this department has been decreased and the number of subjects extended to the Senior year of high school. We now have the equipment up to standard, and by gradually increasing our lumber supply we have been able to store one year's supply ahead. The addition of a wood-turning lathe and a "Sander" would increase the efficiency and the number of projects by at least forty percent.

As in the past year, the Grammar School boys have been reporting up at the High School for the woodworking. The work done by these boys as an average is gratifying, but as in other subjects, some will be lagging behind the rest. The special grade of ten boys was able to take woodworking this year and some did capable work.

The subjects given for the High School have been the basis of the new "Arts Course" in lieu of the old

"General Course." We are now giving Woodworking and Mechanical Drawing for Freshmen and Applied Electricity and Auto-Mechanics for the Sophomores and Juniors.

Auto-Mechanics was given this year for the first time. Parts of automobiles and equipment were obtained mostly through the efforts of the boys. A few dollars' worth of tools enabled us to attack most of the parts and troubles that occur in the various kinds of automobiles. Each system of the car was studied in general and then a more detailed study was made with jobs to correspond to what was studied. We started with the engine and its accessories, and from there to the flywheel, clutch, transmission, rear axles, and brakes. Reports were made by each member of the class on some special unit of the automobile, and all work was written up in a standard notebook.

I wish to say that the old fire station is an ideal shop for this type of work and without it the course would be impossible, as the school shop is much too small. I hope that permission will be given to operate the Electrical Course in this old building, as we have been doing practice wiring there. The inside of this building has been boarded up to separate the upper section from the lower one, and at the same time to keep the heat down stairs. The cost of heating this past year was only five dollars.

The annual exhibition was held in one of the Main street stores. I wish that more of the people of Somersworth would come to visit us while at work,

as this is the only way that a person can see the modern trend of education.

I wish to thank all of those who have made this year a success.

Respectfully submitted,

JOSEPH O. LAFOND.

REPORT OF THE SCHOOL NURSE

*To the Superintendent of Schools and Members of the
School Board of Somersworth:*

Gentlemen:

The closing of the school year brings forth my third annual report as school nurse, which I respectfully submit.

Number of children examined	1,284
Defective vision155	Treatment secured24
Defective teeth522	Treatment secured ...296
Skin disease25	Treatment secured22
Defective tonsils and adenoids120	Treatment secured16
Appendectomy5	
Malnutrition201	Treatment secured' ...175
Home visits made	350
Home treatments	70

Communicable diseases found and excluded from the schools:

Chicken pox	5
Scarlet fever	2
Pediculosis	37
Mumps	1
Measles	2
Diphtheria	2
Whooping cough	59

Due to the enforcement of the vaccination law, we hope that there will be less sickness and that the community will realize the advantages of vaccination.

Weekly instructions during the year were given the boys and girls, both in the public and parochial schools, on such matters pertaining to cleanliness, health habits, bandaging, and first-aid. These have proven very helpful in many instances. As a whole, the children of Somersworth have tried to form good habits towards cleanliness and good health.

Home visits and instructions have been given the parents, whenever it was deemed necessary during the school year.

To those people who have cooperated with me in donating clothes to the needy families of the city, I am deeply grateful.

I wish to thank the School Board, Superintendent, Teachers, and Parents for their helpful cooperation during the year.

Respectfully submitted,

DOROTHY A. KAVANAUGH, R. N.

Class Motto—Industry is a silver key
to wisdom's gold treasury

Class Flower—Red Rose

CLASS ODE

There is sadness and regret in our hearts tonight,
As the time for parting draws near
For we're leaving old Somersworth High School
And the friends who have grown so dear

CHORUS

Good old Somersworth High School, dear to our hearts
are you;
Ever of you we'll cherish memories, fond and true,
Where'er life's pathway leads us, though we journey
far,
Often we'll sigh for the days gone by and dear old
Somersworth High.

May the finger of fate point the brightest way,
And guide us to truth and success;
May it open the gate to a perfect day
Of joy and true happiness.
